A 50-Year Legacy In Family Boating

- This year is Glastron's **fiftieth year in business**—a milestone few boat companies have achieved. During that time, they have built **nearly half a million fiberglass runabouts**.
- More than any other manufacturer, Glastron has a **legacy of unprecedented product innovations and technological breakthroughs**. Among them:
 - The deep-vee hull
 - The tri-hull
 - Two-tone graphics
 - Sterndrive-powered boats
 - The SSV® hull
 - Fiberglass stringer systems
 - VEC® closed-mold boat building technology
- More than a few **well-known people over the years have owned Glastron** boats, from President Lyndon Johnson... to England's Royal Family...to Elvis Presley.

- Glastron has appeared in **numerous movies and television shows** such as *The Boatniks*, *Outlaw Blues*, and *The Price is Right*. Glastron was James Bond's boat of choice in *Live and Let Die* and *Moonraker*. The most famous Glastron ever? The Batboat!
- Glastron has created an entirely new boat—the **GXL 205 Collector's Edition**—to commemorate its 50th Anniversary.
- Every Glastron model this year is available with an attractively-priced **50th Anniversary Package** of popular options selected just for that model.

Glastron Performance

- Glastron's **penchant for performance** is known throughout the industry.
- Glastron® has collected **dozens of design and performance awards** over the years. Among them: twelve Product Excellence Awards from *Powerboat* magazine.
- Every Glastron model delivers performance attributes that every family boater can appreciate (and every Glastron owner knows):
 - **Very quick planing times** (and minimal bowrise)
 - **Impressive top speeds**
 - **Low minimum planing speeds** (particularly important for tubing, kneeboarding and wakeboarding)
 - **Agile handling**
 - **Excellent fuel economy**

SSV® Hull Design

- **A boat's hull design is the most important thing** that determines how that boat will perform. That's why Glastron® has made hull design a top priority right from day one.
- The legendary **SSV® hull** (Super Stable Vee) is the biggest reason Glastron's runabouts plane, run and corner so well.
- In boating circles, people recognize the SSV hull as **one of the best-performing hulls ever designed**. If there's any doubt, just ask any Glastron owner how well their boat performs.
- **Glastron's SSV hull is patented**; only Glastron has it. So no matter what other manufacturers may tell you, they don't have an SSV hull.

VEC® Technology

- VEC® (Virtual Engineered Composites) is a **patented process** developed by Genmar and introduced by Glastron®.
- Other manufacturers build fiberglass boats using an open-mold process, a process that is labor-intensive, messy and imprecise. VEC, on the other hand, is a **closed-mold** process.

- The VEC system is a highly automated, computer-controlled manufacturing process—one that results in a **near-perfect fiberglass boat hull every time**.
- VEC construction eliminates the need for wood stringers. A **fiberglass stringer system is an integral part of the hull**.

- Every VEC boat has a skid-resistant **fiberglass floor**.
- VEC is also a cleaner and more **environmentally-friendly** way to build boats. The fiberglass lamination portion of the VEC manufacturing process reduces styrene emissions by 90% compared to conventional hand-laid lamination.
- Glastron® backs every VEC boat with the ultimate warranty: a **lifetime limited warranty** on all structural components.

Unitized Deck & Floor

- In 2006, all Glastron® runabouts are constructed with a **unitized deck/floor**.
- The entire topside of the boat—deck, floor, side panels, footwells, seat bases—is **fabricated as a single fiberglass component** (versus 2, 3 or more components in conventional construction).
- There are **no seams or joints**, which provides a clean and seamless look.
- Unitized construction means unparalleled structural rigidity, which translates to **greater strength**.
- Another benefit: boats with unitized construction have a **quieter, smoother, more responsive ride**. So not only can you see the difference, but you can actually feel the difference on the water.

Unitized Hull & Stringer System

- Thanks to VEC® technology, several Glastron® runabout models this year also have a completely **integrated hull and stringer system**.
- The hull and stringer system is a **single molded fiberglass structure**.
- There are **no wooden stringers** as there are with conventional construction—so there's nothing to rot or separate.
- Integrated fiberglass construction means less weight and enhanced structural rigidity—in other words, a **lighter, stronger boat**.

Customer Satisfaction

■ Glastron® has always been known for its ability to anticipate the needs and wants of family boaters. As a result, **our boats possess the essential elements for a great boating experience:**

- Attractive styling
- Highly functional, family-friendly design
- Impressive performance
- Lots of built-in safety features

■ Over the course of fifty years, **we've built a loyal following among Glastron owners.** They know Glastron manufacturing standards.

■ In independent surveys conducted each year by NMMA (National Marine Manufacturers Association), **every new Glastron owner gets to voice their opinion about their boat.**

■ The result: for the past three years in a row, Glastron has received **NMMA's Excellence in Customer Satisfaction Award.**

Glastron's Unmatched Warranty

Manufacturers of quality products tend to stand behind them, so the best way to judge the quality of a boat is to look at how well it's backed. When you compare Glastron® warranties with those of other boat builders, you'll see that Glastron's are among the best in the marine industry.

■ Every Glastron comes with a **lifetime limited warranty on the hull.**

■ Glastron models built with VEC® technology (17, 18, 19 and 20-foot runabouts) come with a **lifetime limited warranty on all structural components** that is transferable to the second owner.

■ Glastron also provides a **2-year limited warranty on all factory-installed components.*** That's twice as long as most boat builders.

**Propulsion warranties vary by manufacturer.*

Component Warranty Summary

Company	Item	Warranty
Faria	Instruments	Lifetime limited warranty
Inland	Perma Panel wood components	Lifetime limited warranty
G&T	Upholstery vinyl & fabrics	5 year limited warranty
Sunbrella	Canvas	5 year limited warranty

Yamaha	Outboard motor 2 stroke 4 stroke	1 year limited warranty 3 year limited warranty

****North America only; 1 year limited warranty elsewhere.**

Glastron Limited Warranty

Glastron Boats warrants to you, the First Retail Purchaser of a new Glastron boat bought from a factory authorized North American dealer, that it will repair or replace defects in materials or workmanship within the applicable Warranty Periods, subject to the "What This Warranty Does NOT Cover" section set forth below.

The applicable Warranty Period runs from the date of delivery to the first retail customer provided that the boat is delivered within twelve (12) months from the date of manufacture. For boats delivered more than twelve (12) months after the date of manufacture, coverage will run from the date of manufacture and the First Retail Purchaser will be entitled to the coverage remaining under the Warranty Periods. All warranties run concurrently.

Structural defects in the hull: Lifetime Limited Warranty

Defects in factory installed non-structural parts & components: Two (2) year Warranty Period

This warranty extends only to the First Retail Purchaser, but may be transferred to a second owner subject to other terms, limitations, and exclusions of the Glastron Limited Warranty. For a transfer fee of \$250 and the submittal of the Warranty Transfer Application, the Second Retail Purchaser may obtain a warranty for structural defects in the hull (the available warranty coverage period is the balance of 10 years from the date of the original purchase by the First Retail Purchaser) and factory installed non-structural parts and components (the available warranty coverage period is the balance of 2 years from the date of the original purchase by the First Retail Purchaser). The Warranty Transfer Application must be received by Glastron within 30 days of purchase by the Second Retail Purchaser. Proof of purchase date is required. The warranty may only be transferred **once**.

Your sole and exclusive remedy is the repair or replacement, at Glastron's sole option, of parts and components covered by this warranty.

This Glastron boat, including any alleged defective part, must be returned to an authorized Glastron dealer within the applicable warranty period to obtain warranty service. The Glastron dealer will carry out the warranty procedures on the owner's behalf. All warranty work will be performed at an authorized dealer, or at another repair facility that Glastron selects. The owner is responsible for the expense associated with transporting the boat to and from the repair facility.

An action for breach of warranty shall be barred unless it is commenced within four (4) years from the date the cause of action accrues. An action for breach of any duty or obligation to repair or replace shall be barred unless it is commenced within one year from the date the cause of action accrues regardless of the time remaining in the Warranty Period.

WHAT IS NOT COVERED:

This Warranty does not cover:

1. A boat purchased from any party other than an authorized Glastron dealer.
2. A boat, including its components that have been altered or modified so as to adversely affect its operation, performance or durability.
3. Engines, outdrive, controls, propellers, batteries, appliances and other equipment or accessories that are not manufactured by Glastron, whether or not warranted by other manufacturers.
4. Gelcoat finishes (including blistering and osmotic blistering, cracking crazing or discoloration), mirrors, window glass, varnishes, paints, fabrics, chromium plated and stainless steel finishes, because of the varying affects resulting from different climatic and use conditions.
5. The cost of removal or re-instatement of parts or disassembly of units to repair or replace components covered by this warranty.
6. Any boat which has been misused, used in a negligent manner, used for racing, used for rental, charter, military or other commercial purposes, used without normal maintenance, operated contrary to any instruction furnished by Glastron, or operated in violation of any Federal, State, Coast Guard or other governmental agency laws, rules or regulations.
7. Any representation relating to speed, range, fuel consumption or other estimated performance characteristic.
8. Loss of time, inconvenience, boat payments, retail charges, improper lifting or trailering, travel expense, loss of use, in-and-out-of-water charges, towing and storage charges, loss of or damage to personal property, or other remedies not specifically allowed.
9. Dealer preparation, cleaning, final adjustments and alignments in preparing the boat for delivery or commissioning.
10. Leakage around windshield, hatches or other designed openings.
11. Fit and adjustment of exterior canvas tops, enclosures, and weather covers.
12. Sacrificial deterioration of anti-fouling paint or zinc anodes.

Remedy under this warranty is expressly limited to repair or replacement of defects in materials or workmanship, and does not include incidental or consequential damages which are specially DISCLAIMED. NOTE: SOME STATES DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATION OR EXCLUSION MAY NOT APPLY TO YOU. The express limited warranty described on previous page is exclusive. All IMPLIED WARRANTIES ARE LIMITED IN THEIR DURATION TO THE ONE (1) YEAR WARRANTY PERIOD. ALL IMPLIED WARRANTIES, INCLUDING MERCHANTABILITY and FITNESS FOR A PARTICULAR PURPOSE ARE DISCLAIMED IN THEIR ENTIRETY AFTER EXPIRATION OF THE ONE (1) YEAR WARRANTY PERIOD. There are no warranties which extend beyond the description of the face hereof. NOTE: SOME STATES DO NOT ALLOW LIMITATION ON HOW LONG AN IMPLIED WARRANTY LASTS, SO THE ABOVE LIMITATION MAY NOT APPLY TO YOU. THIS WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS, AND YOU MAY ALSO HAVE OTHER RIGHTS WHICH VARY FROM STATE TO STATE.

This document contains the entire warranty given by Glastron. Glastron does not authorize any person or persons, including its Glastron dealers, to change the terms of this express limited warranty, which is Glastron's **only** warranty. Glastron reserves the right to change or improve the design or manufacture of Glastron boats without obligation to modify any boat previously manufactured.

VEC® Lifetime Limited Warranty

Glastron Boats warrants to you, the first retail purchaser of this boat manufactured with VEC® technology, that it will repair or replace defects in materials or workmanship that occur within the applicable Warranty Periods, subject to the "What This Warranty Does Not Cover" section on the following page. The applicable Warranty Periods run from the date of purchase to the first retail customer provided that the boat is delivered within twelve (12) months from the date of dealer invoice. For boats delivered more than twelve (12) months after the date of invoice, coverage will run from the date of invoice and the first retail purchaser will be entitled to the coverage remaining under the Warranty Periods. All warranties run concurrently.

Warranty Periods:

Structural defects in the hull, deck, floor, stringers and transom:
Lifetime Limited Warranty

Defects in factory installed non-structural parts and components:
Two (2) year Warranty Period

Defects in gelcoat cosmetics, including cracking, crazing, discoloration and fading: *One (1) year Warranty Period*

Defects causing gelcoat blistering: *Five (5) year Warranty Period, except that Glastron shall have no liability or responsibility to correct or repair any damage if the original gel surface has been altered in any way, including repair, application of any coating other than marine anti-fouling bottom paint, improper surface preparation for paint, or excessive sanding or sandblasting.*

This warranty extends only to the First Retail Purchaser but may be transferred to a second owner subject to other terms, limitations, and exclusions of the Glastron Limited Warranty. For a transfer fee of \$250 and the submittal of the Warranty Transfer Application, the Second Retail Purchaser may obtain a warranty for structural defects in the hull, deck, floor, stringers, and transom (the available warranty coverage period is the balance of 10 years from the date of the original purchase by the First Retail Purchaser) and factory installed non-structural parts and components (the available warranty coverage period is the balance of 2 years from the date of the original purchase by the First Retail Purchaser). The Warranty Transfer Application must be received by Glastron within 30 days of purchase by the Second Retail Purchaser. Proof of purchase date is required. The warranty may only be transferred **once**.

Your sole and exclusive remedy is the repair or replacement, at its sole option, of parts and components covered by this warranty.

This Glastron boat, including any alleged defective part, must be returned to an authorized Glastron dealer within the applicable warranty period to obtain warranty service. The Glastron dealer will carry out the warranty procedures on the owner's behalf. All warranty work will be performed at an authorized dealer, at the Glastron factory, or at another repair facility that Glastron selects. The owner is responsible for the expense associated with transporting the boat to and from the repair facility.

An action for breach of warranty shall be barred unless it is commenced within four (4) years from the date the cause of action

18

accrues. An action for breach of any duty or obligation to repair or replace shall be barred unless it is commenced within one (1) year from the date the cause of action accrues regardless of the time remaining in the Warranty Period.

What This Warranty Does Not Cover:

1. A boat purchased from any party other than an authorized Glastron dealer.
2. A boat, including its components, that has been altered or modified so as to adversely affect its operation, performance or durability.
3. Dealer or customer installed parts or components, or any damage to the boat due to installation of aftermarket parts and components.
4. Engines, outdrives, controls, propellers, batteries and other equipment or accessories that are not manufactured by Glastron, whether or not warranted by other manufacturers.
5. Windshield breakage and leakage around windshields, hatches or other designed openings.
6. Any boat that has been misused, used in a negligent manner, used for racing, used for rental or other commercial purposes, used without normal maintenance, operated contrary to any instruction furnished by Glastron, involved in an accident, or operated in violation of any Federal, State, Coast Guard or other governmental agency laws, rules or regulations.
7. Weight, speed, fuel consumption, or other estimated performance characteristic.
8. Loss of time, inconvenience, boat payments, retail charges, travel expense, loss of use, haul out, launch, towing and storage charges, loss of or damage to personal property, or other remedies not specifically allowed.
9. A boat that has been overpowered according to the maximum recommended engine horsepower specified on the capacity plate.
10. Canvas, zippers, vinyl, upholstery, plastics, fabric, or trim.
11. Dealer preparation, cleaning, final adjustments and alignments in preparing the boat for delivery.
12. Repairs made necessary due to inadequate trailering or trailer support, or trailers that are improperly assembled, designed or adjusted.

Remedy under this warranty is expressly limited to repair or replacement of defects in materials or workmanship, and does not include incidental or consequential damages that are specifically **DISCLAIMED**. Note: SOME STATES DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATION OR EXCLUSION MAY NOT APPLY TO YOU. The express limited warranty described above is exclusive. All **IMPLIED WARRANTIES** are **LIMITED IN THEIR DURATION TO TWO (2) YEARS FROM THE DATE OF PURCHASE**. IMPLIED WARRANTIES (IF ANY) INCLUDING **MERCHANTABILITY** and **FITNESS FOR A PARTICULAR PURPOSE** ARE DISCLAIMED IN THEIR ENTIRETY AFTER TWO (2) YEARS FROM THE DATE OF PURCHASE. There are no warranties which extend beyond the description on the face hereof. NOTE: SOME STATES DO NOT ALLOW LIMITATION ON HOW LONG AN IMPLIED WARRANTY LASTS, SO THE ABOVE LIMITATION MAY NOT APPLY TO YOU. THIS WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS WHICH VARY FROM STATE TO STATE.

This document contains the entire warranty given by Glastron. Glastron does not authorize any person or persons, including Glastron dealers, to change the terms of this express limited warranty, which is Glastron's only warranty. Glastron reserves the right to change or improve the design or manufacture of Glastron boats without obligation to modify any boat previously manufactured.

Features & Benefits Summary

FEATURES:

BENEFITS:

- | | |
|---|---|
| 1. 50-year legacy of innovation | Glastron® was the first company to produce fiberglass boats on a large scale; no other manufacturer has as many product innovations and as many technological breakthroughs |
| 2. Performance | With a Glastron boat, performance is designed in from the start |
| 3. Patented SSV® hull design | Quick planing; superior handling; enhanced fuel economy |
| 4. VEC® construction on 17, 18, 19 and 20-foot runabout models | State-of-the-art technology with lifetime limited warranty on structural components |
| 5. Unitized deck/floor construction on all runabout models | Clean, seamless appearance; greater structural integrity; smooth, quiet, responsive ride |
| 6. Unitized hull & stringer system on many runabout models | Stronger, lighter, won't rot |
| 7. Key structural areas are reinforced with multi-axial knitted fiberglass | Double strength in these important areas |

- | | |
|---|--|
| 8. All deck fittings are backed by under-deck supports fiberglassed into deck | Strength; durability |
| 9. Aircraft locknuts on bolts | Strength; long-term durability |
| 10. One-piece, lock looped marine-grade carpet | Better appearance; no seams |
| 11. Marine-grade vinyl; marine-grade stitching | UV protected |
| 12. Ski locker drain in subfloor | Lets water drain into bilge, keeping locker dry |
| 13. Tilt steering wheel standard on most models | More comfortable steering position |
| 14. Individual Faria® analog gauges | Easy-to-read; lifetime warranty |
| 15. Gas fill is located on side of boat (never over swim platform) | Eliminates risk of fuel spilling onto swim platform |
| 16. Low, built-in swim platform with stainless steel boarding ladder | Ease of boarding |
| 17. Boarding ladder on runabouts is located on starboard side of swim platform | Allows driver to see skier at all times when circling for pickup |
| 18. Each model is carefully designed for the proper weight-to-horsepower ratio | Better planing time; better fuel economy; better top speed |
| 19. Choice of MerCruiser® or Volvo Penta® sterndrive power | Customer can select preferred brand |
| 20. Choice of Mercury®, Yamaha®, Evinrude® or Johnson® on all outboard models | Customer can select preferred brand |

Canvas Choices

Soft Top

Bimini Top

Canvas Package

Camper Canvas Package

Bow Cover

Cockpit Cover

Mooring Cover

MX models feature blue Sunbrella® canvas.

SX, GX, GXL, GX Ski & Fish, and Deck Boat models feature Sunbrella® canvas color-matched to the boat's exterior.

GS Sport Cruisers feature navy Sunbrella® canvas.

Seating Choices

Sport Seating (SL)

Ski & Fish Seating (SF)

U-Shaped Seating (U)

Sport Seating (SL) standard on MX models, SX models, plus 18 and 20-foot GX models.

U-Shaped Seating (U) standard on GX 235, GX 255, GXL 205 and GXL 205 Collector's Edition.

Definitions of Measurements

Length Overall (LOA) — Distance along the centerline from the tip of the bow to the aft-most part of the hull.

Maximum Beam — Maximum width of the boat.

Transom Width — Maximum width of the boat at the transom.

Depth — Vertical distance from the lowest point of the keel to the highest point of the boat, excluding windshields, lights and other removable components.

Transom Deadrise — Angle of the hull at the transom, as measured in degrees, relative to the water.

Maximum Depth — Vertical distance from the lowest point of the keel to the highest point of the boat, including windshields.

Cockpit Depth — Vertical distance from the boat floor to the top of gunwale as measured at the driver's seat.

Length Overall on Trailer — Distance measured along the boat centerline, from forward-most point of trailer to aft-most point of motor/outdrive.

Boat Height on Trailer — Vertical distance from the ground to the highest point of boat, including the windshield.

Draft (drive unit up) — Total number of inches of boat and/or motor and drive unit below the waterline. Measured unloaded, with the motor/drive unit in the full up position.

Draft (drive unit down) — Total number of inches of boat and/or motor and drive unit below the waterline. Measured unloaded, with the motor/drive unit in the full down position.
