Over 58 Years of Leadership

- Glastron has been making boats for **58 years**— a milestone few boat companies have achieved. During that time, they have built **nearly half a million fiberglass boats.**

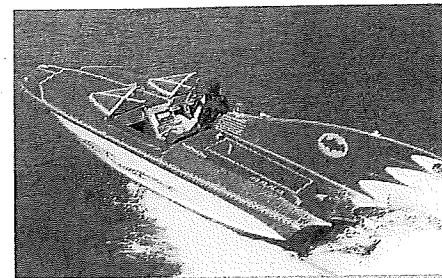

- More than any other manufacturer, Glastron has a **legacy of unprecedented product innovations and technological breakthroughs.**

Among them:

- The deep-vee hull
- The tri-hull
- Two-tone graphics
- Sterndrive-powered boats
- The SSV® hull
- Fiberglass stringer systems

- More than a few **well-known people over the years have owned Glastron boats**, from President Lyndon Johnson...to England's Royal Family...to Elvis Presley. Glastron boats also appeared in **numerous movies and television shows.** Glastron was James Bond's boat of choice in *Live and Let Die* and *Moonraker*. The most famous Glastron ever? The Batboat!

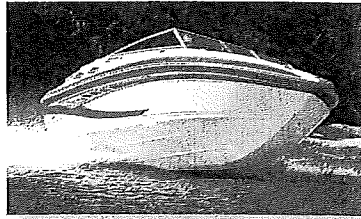

- The **Glastron "sweep spear" is the most well-known icon in boating.** It's the marine industry's equivalent to the Nike "swoosh."

- Throughout the company's 58 years, its focus has been on designing and building boats that provide a great overall family boating experience. The company has always managed to stay ahead of other companies in building boats that possess three distinct Glastron qualities:
 - **Advanced technology**
 - **Highly functional, family-friendly designs**
 - **Outstanding performance**

Glastron Performance

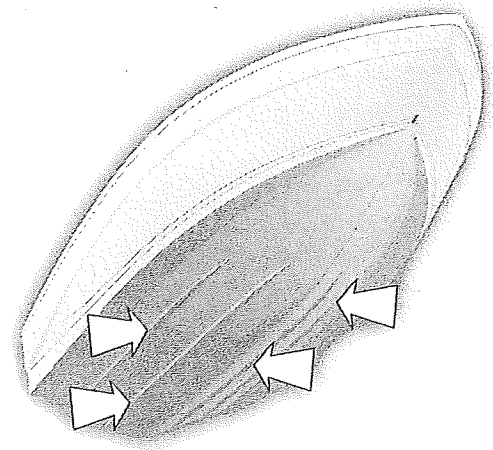

- Glastron's **pendant for performance** is known throughout the industry.

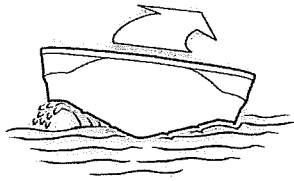

- Every Glastron model delivers performance attributes that every family boater can appreciate (and every Glastron owner knows):
 - **Very quick planing times**
 - **Minimal bowrise**
 - **Impressive top speeds**
 - **Low minimum planing speeds** (particularly important for tubing, kneeboarding and wakeboarding)
 - **Agile handling**
 - **Excellent fuel economy**
- **Glastron provides performance data on every model.** Found on pages 16–65 of this manual, it includes authenticated speed, acceleration and, in many cases, fuel economy figures for popular engine choices.

SSV[®] Hull Design

- The legendary **SSV** (Super Stable Vee) **hull design** is the biggest reason Glastron boats perform so well. It's quick to plane (with minimal bowrise), stable at high speeds and tracks tight in the turns.
- The SSV hull's light weight and hydrodynamic efficiency results in another big advantage:

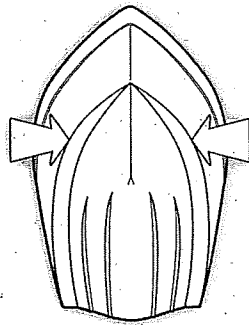

- excellent fuel economy.**
- The SSV hull features **tuned strakes** molded longitudinally into the hull. They form a series of horizontal planing surfaces that create lift by deflecting spray down and away from the hull—a key reason why Glastron boats get on plane so quickly.

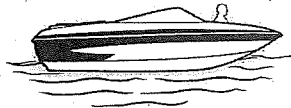

- Under power, the SSV hull's wide reverse chines create a "bank" of water for added lift

and precise, stable turning. Boats without them have a flatter running surface that results in a more jarring ride and a tendency to slide in turns.

- On most boat hulls, the chines diminish in the forward half of the hull. In comparison, the SSV hull's wide chines extend far forward. These extended chines reduce rocking from side-to-side and front-to-back by acting as sponsons when the boat is at rest.

With diminishing chines

With extended chines

- **Glastron's SSV® hull**; only Glastron has it. So no matter what other manufacturers may tell you, they don't have an SSV hull.

2013 Glastron Fiberglass Boats and Trailers Limited Warranty (North America)

Rec Boat Holdings, LLC dba Glastron ("Glastron") warrants to you, the first North American retail purchaser of this 2013 model year Glastron boat and/or trailer or a second North American retail purchaser as noted below ("you"), that it will repair or replace, at its sole discretion, defects in materials or workmanship that occur and are reported to Glastron, or its factory authorized dealer, within the applicable limited warranty periods, subject to the terms, conditions and exclusions set forth below. Your acceptance of delivery of the warranted Glastron boat and/or trailer constitutes your acceptance of the terms of this limited warranty. This limited warranty gives you specific legal rights and you may have other rights which may vary from state to state.

This limited warranty is the sole and exclusive express warranty from Glastron regarding your 2013 Glastron boat and/or trailer and there are no express warranties which extend beyond those outlined in this limited warranty. Under the laws of certain states, there may be no implied warranties from Glastron and **ALL IMPLIED WARRANTIES (INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE) ARE EXCLUDED AND DISCLAIMED WHERE ALLOWED BY APPLICABLE LAW. ANY IMPLIED WARRANTIES (IF APPLICABLE) ARE LIMITED TO THE MINIMUM PERIOD OF TIME ALLOWED UNDER APPLICABLE LAW.** Some states do not allow limitations on how long an implied warranty lasts, so the above limitations may not apply to you.

Coverage Under this Limited Warranty

Trailer Limited Warranty: The limited warranty period runs for one (1) year for defects in trailer components.

Exterior Cosmetic Gel Coat Limited Warranty: The limited warranty period runs for one (1) year for defects in the boat's exterior cosmetic gel coat, including cracking, crazing, discoloring and fading, except as noted below.

Non-Structural Parts and Components Limited Warranty: The limited warranty period runs for one (1) year for defects in the boat's non-structural parts and components, except as noted below.

Osmotic Hull Blister Limited Warranty: The limited warranty period to the first North American retail purchaser runs for five (5) years, except as noted below, for osmotic hull blisters on the boat, which are defined as blisters larger than 1/8" diameter and with a depth of 1/16" or greater, which occur on the boat hull below the waterline. This limited warranty is not transferrable to a second North American retail purchaser.

If the boat is bottom painted or left in water for more than sixty (60) days in any ninety (90) day period, this limited warranty will only apply if a marine barrier coating with proper surface preparation is applied to the boat hull before it is bottom painted or left in water for more than sixty (60) days in any ninety (90) day period.

In the event of osmotic blistering, Glastron must approve of any repairs, and their method and cost, before the repairs are performed, for this limited warranty to apply. Once any repairs are completed, a marine barrier coating will be applied to the affected hull surface area(s).

Repairs under this limited warranty are limited to one time. Any repair costs covered under this limited warranty are limited to labor and materials only. They will be paid on a prorated basis, according to the schedule outlined below. The repair costs cannot exceed \$150 (US) per foot of boat length prior to the prorating outlined below:

Osmotic hull blistering reported to Glastron:	Amount of repair costs paid:
Less than two (2) years from date of delivery	100%
Two (2) to less than three (3) years from date of delivery	75%
Three (3) to less than four (4) years from date of delivery	50%

Four (4) to five (5) years from date of delivery

2596

Structural Component Limited Warranty: The limited warranty period to the first North American retail purchaser runs for the duration of the first North American retail purchaser's period of ownership for structural components. The limited warranty period to the second (if applicable) North American retail purchaser runs for ten (10) years, regardless of when the limited warranty is transferred to the second North American retail purchaser. For purposes of this limited warranty, the "Hull" shall mean the single fiberglass molded shell and integral structural within the shell, including stringers, floorboards, transom and related structural reinforcements, all of which are below the flange (i.e. gunwale) and the "Deck" shall mean the single fiberglass molded shell and integral fiberglass structural components above the hull flange (i.e. gunwale). A "Structural Hull Defect" shall mean a defect that causes the Hull or Deck to be unsafe or unfit for use under normal operating conditions.

The applicable limited warranty period runs from the date of delivery of the boat and/or trailer to the first North American retail purchaser, provided that the boat and/or trailer is delivered to that purchaser within twelve (12) months from the date of its manufacture. For a boat and/or trailer delivered to that purchaser more than twelve (12) months after the date of its manufacture, calculation of the remaining warranty period will run from the date of its manufacture, not from the date the boat and/or trailer was delivered to the first North American retail purchaser. For a boat and/or trailer delivered to that purchaser more than twelve (12) months and up to thirty-six (36) months after its date of manufacture, the selling dealer will be required to submit a condition report on the boat and/or trailer with photos to Glastron before delivery of the boat and/or trailer to the first North American retail purchaser; Glastron will then determine and advise what warranty coverage remains in effect on the boat and/or the trailer, if any. For a boat and/or trailer delivered to that purchaser more than thirty-six (36) months after the date of its manufacture, only the structural component limited warranty on the boat will be in effect and it runs from the date of the boat's manufacture, not from the date the boat was delivered to the first North American retail purchaser; all other limited warranties are voided. All warranties run concurrently.

Certain portions of this limited warranty, as noted above, extend only to the first North American retail purchaser. Other portions of this limited warranty, as noted above, may be transferred to a second North American retail purchaser, if the transfer occurs within five (5) years of the boat's and/or trailer's sale to the first North American retail purchaser, for a non-refundable recording fee of \$150 (US), for boats less than twenty (20) feet in length, or \$300 (US), for boats over twenty (20) feet in length, provided the second North American retail purchaser purchases the boat and/or trailer from the first North American retail purchaser or an authorized Glastron dealer. To transfer the limited warranty, the second North American retail purchaser or the authorized Glastron dealer must send to Glastron, within fifteen (15) days of the boat's and/or trailer's purchase, at the address noted below, the: 1) first North American retail purchaser's plastic registration card, if available; 2) proof of the purchase; and 3) the non-refundable recording fee made payable to Rec Boat Holdings, LLC dba Glastron. This limited warranty may only be transferred once. Glastron will confirm all limited warranty transfers, in writing, to the authorized Glastron dealer and/or second North American retail purchaser via email. Glastron reserves the right to reject a limited warranty transfer request for a Glastron boat and/or trailer that has been damaged, neglected or otherwise previously excluded from limited warranty coverage.

THIS LIMITED WARRANTY DOES NOT COVER

1. A boat and/or trailer purchased from any party other than an authorized Glastron dealer or the first North American retail purchaser.
2. A boat and/or trailer, including its components, that has been altered or modified so as to adversely affect its operation, performance or durability, as determined by Glastron, or a boat and/or a trailer that has been salvaged, declared a total loss or a constructive total loss for any reason not covered in this limited warranty.
3. Any damage resulting from an accident or impact with another object or any damage caused by an act of nature.
4. Damage, breakage and leakage around windshields, hatches or other designed openings.

5. Boats or trailers that are damaged due to storage or exposure conditions including, but not limited to, sun or cold weather.
6. Engines, power trains, outdrives, controls, propellers, batteries, appliances and other equipment, accessories or components that are not manufactured by Glastron, whether or not they are warranted by other manufacturers. Note: it is the purchaser's responsibility to complete any warranty registration procedure that may be applicable to these components.
7. Window glass, mirrors, varnish, paint, fabrics and chromium, stainless steel and other metal finishes.
8. Gelcoat fading or discoloration that occurs below or at the water line on the hull.
9. The original gel surface that has been altered in any way, including by repair, by application of any coating other than marine barrier coating or marine barrier coating followed by bottom paint, by improper surface preparation for paint or by improper or excessive sanding, scraping or sandblasting.
10. The cost of removal or re-instatement of parts or disassembly of units to repair or replace components covered by this limited warranty.
11. A boat that has been overpowered, according to the boat's maximum recommended engine horsepower, or overloaded in excess of the maximum limits as stated on the U.S. Coast Guard Capacity Plate.
12. Any boat and/or a trailer that has been misused or used in a negligent manner; a boat that has been used for racing, speed or endurance contests; used for rental or charter; used for military, rescue, fire, safety, medical, police, law enforcement, patrol or similar government uses; used for commercial purposes; used without normal maintenance; operated contrary to any instruction furnished by Glastron; improperly lifted or trailered; improperly secured to a trailer; or operated in violation of any federal, state, local, Coast Guard or other governmental agency laws, rules or regulations. Also, this limited warranty does not cover any damage to a boat resulting from failure to use a lower unit support device when transporting the boat.
13. Estimated characteristics such as weight, speed, range, fuel consumption or other estimated performance characteristics.
14. Dealer preparation, cleaning, final adjustments and alignments in preparing the boat and/or trailer for delivery.
15. Fit and adjustment of exterior canvas tops, enclosures and weather covers.
16. Sacrificial deterioration of anti-fouling paint or zinc anodes.
17. Damage resulting from electrolysis or corrosion of any nature from any source.
18. Any failure or defect arising from previous repairs made by a non-authorized service provider, unless preapproved by Glastron.
19. Any defect that results in the redesign of the Glastron boat and/or trailer.
20. Trailer tires, paint or Gatorhyde defects caused by fading, peeling, chipping, scratches or rusting attributed to normal use.

THE SOLE AND EXCLUSIVE REMEDY UNDER THIS LIMITED WARRANTY AND ANY APPLICABLE IMPLIED WARRANTY IS THE REPAIR OR REPLACEMENT, AT GLASTRON'S SOLE OPTION, OF WARRANTED PARTS AND COMPONENTS. GLASTRON EXCLUDES AND DISCLAIMS ANY LIABILITY FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES, INCLUDING LOSS OF TIME, INCONVENIENCE, INSTALLMENT PAYMENTS, INSURANCE PAYMENTS, MARINA FEES, RETAIL CHARGES, TRAVEL EXPENSES, LOSS OF USE, HAUL OUT, LAUNCH, TOWING AND/OR STORAGE CHARGES, LOSS OF OR DAMAGE TO PERSONAL PROPERTY OR OTHER SIMILAR COSTS AND EXPENSES, OR ANY CLAIM NOT SPECIFICALLY COVERED BY THIS LIMITED WARRANTY. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. Any legal action alleging breach of any applicable warranty coverage must be brought within one (1) year from the date the alleged breach first occurred.

PRE-DELIVERY SERVICE AND WARRANTY REGISTRATION

Prior to delivering a new Glastron boat and/or trailer to the first North American retail purchaser, the authorized dealer is required to inspect and perform all necessary pre-delivery services including completing the "Pre-Delivery Service Record" portion of the limited warranty. Any cost associated with the pre-delivery inspection is the responsibility of the first North American retail purchaser. After completion of the necessary pre-delivery services, the first North American retail purchaser must sign the Glastron warranty registration form and Pre-Delivery Service Record provided by the dealer, where indicated. No warranty coverage is applicable to the boat and/or trailer unless these forms are completed, signed and returned to Glastron at the address indicated below, or via an authorized Glastron dealer's online dealer extranet.

OBTAINING REPAIRS UNDER THIS LIMITED WARRANTY

The authorized Glastron dealer will carry out the warranty procedures on your behalf. All limited warranty work will be performed at an authorized dealer, at the Glastron factory, or at another repair facility approved by Glastron. You are responsible for the expense associated with transporting the boat and/or trailer to and from the repair facility. Glastron must receive written notice of all limited warranty claims prior to the expiration of this limited warranty and be allowed an opportunity to resolve them.

To obtain warranty service, you must return the boat and/or trailer, including any alleged defective part, to an authorized Glastron dealer and present the Owner's Registration Card. If necessary, you should call Glastron for assistance to locate the nearest Glastron dealer in your area. The following procedures will apply to a warranty claim:

- A. The dealer will contact and receive an authorization number from Glastron for repairs.
- B. Upon completion of repairs, you must pay the dealer for non-covered items.
- C. You assume all liability for payment of non-authorized repairs.
- D. You must sign the Glastron warranty claim form if the claim is not submitted through the Glastron Extranet by the dealer.

If sublet warranty repairs are required for any reason, the authorized Glastron dealer will be responsible for choosing a qualified and reputable repair facility and the authorized Glastron Dealer will be responsible for all work performed by the sublet repair facility. Before referring any work to a sublet repair facility, the authorized Glastron dealer must submit a written estimate to Glastron's claims department to obtain written pre-authorization (including a claim authorization number). Glastron will not honor or pay for claims submitted for repairs by sublet repair facilities unless this procedure has been followed. Glastron will not authorize or pay for sublet repairs initiated because of a lack of dealer service facilities.

This document contains the entire limited warranty provided by Glastron. Any questions concerning the scope of this limited warranty should be directed to Glastron. The terms and conditions contained in this limited warranty may not be modified, altered, or waived by any action, inaction or representation, whether oral or in writing, except upon the express, written authority of a senior management level employee of Glastron. Glastron does not authorize any person or persons (except a senior management level employee of Glastron), including Glastron dealers, to change the terms of this limited warranty. (Note that your authorized Glastron dealer is an independent business, authorized to sell and service Glastron products, but is not an agent of Glastron). Glastron reserves the right to change or improve the design or manufacture of Glastron boats and/or trailers without obligation to modify any boat and/or trailer previously manufactured.

Glastron, LLC

2013 Glastron Fiberglass Boats Limited Warranty (International)

Rec Boat Holdings, LLC dba Glastron ("Glastron") warrants to you, the first International retail purchaser of this 2013 model year Glastron boat or a second International retail purchaser as noted below ("you"), that it will repair or replace, at its sole discretion, defects in materials or workmanship that occur and are reported to Glastron, or its factory authorized dealer, within the applicable limited warranty periods, subject to the terms, conditions and exclusions set forth below. Your acceptance of delivery of the warranted Glastron boat constitutes your acceptance of the terms of this limited warranty. Retail purchasers in the European Union (EU) may have legal rights under applicable national legislation and the Consumers Protective Directive 1999/44/EC of the European Parliament and of the Council of 25 May 1999, governing the sale of consumer goods, which are not affected by this limited warranty. Retail purchasers in other countries may also have legal rights which are not affected by this limited warranty.

This limited warranty is the sole and exclusive express warranty from Glastron regarding your 2013 Glastron boat, and there are no express warranties which extend beyond those outlined in this limited warranty. There are no implied warranties from Glastron unless otherwise required under applicable law, and ALL IMPLIED WARRANTIES (INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE) ARE EXCLUDED AND DISCLAIMED WHERE ALLOWED BY APPLICABLE LAW. ANY IMPLIED WARRANTIES (IF APPLICABLE) ARE LIMITED TO THE MINIMUM PERIOD OF TIME ALLOWED UNDER APPLICABLE LAW.

Coverage Under this Limited Warranty: Exterior Cosmetic Gel Coat Limited Warranty: The limited warranty period runs for one (1) year for defects in the exterior cosmetic gel coat, including cracking, crazing, discoloring and fading, except as noted below.

Non-Structural Parts and Components Limited Warranty: The limited warranty period runs for one (1) year for defects in non-structural parts and components, except as noted below.

Osmotic Hull Blister Limited Warranty: The limited warranty period to the first International retail purchaser runs for five (5) years, except as noted below, for osmotic hull blisters, which are blisters larger than 1/8" diameter and with a depth of 1/16" or greater, which occur on the boat hull below the waterline. This limited warranty is not transferrable to a second International retail purchaser.

If the boat is bottom painted or left in water for more than sixty (60) days in any ninety (90) day period, this limited warranty will only apply if a marine barrier coating with proper surface preparation is applied to the boat hull before it is bottom painted or left in water for more than sixty (60) days in any ninety (90) day period.

In the event of osmotic blistering, Glastron must approve of any repairs, and their method and cost, before the repairs are performed, for this limited warranty to apply. Once any repairs are completed, a marine barrier coating will be applied to the affected hull surface area(s).

Repairs under this limited warranty are limited to one time. Any repair costs covered under this limited warranty are limited to labor and materials only. They will be paid on a prorated basis, according to the schedule outlined below. The repair costs cannot exceed \$150 (US) per foot of boat length prior to the prorating outlined below:

Osmotic hull blistering reported to Glastron: costs paid:	Amount of repair
Less than two (2) years from date of delivery	100%
Two (2) to less than three (3) years from date of delivery	75%
Three (3) to less than four (4) years from date of delivery	50%
Four (4) to five (5) years from date of delivery	25%

Structural Component Limited Warranty:

Structural Component Limited Warranty: The limited warranty period to the first International retail purchaser runs for the duration of the first International retail purchaser's period of ownership for structural components. The limited warranty period to the second (if applicable) International retail purchaser runs for ten (10) years, regardless of when the limited warranty is transferred to the second International retail purchaser. For purposes of this limited warranty, the "Hull" shall mean the single fiberglass molded shell and integral structural within the shell, including stringers, floorboards, transom and related structural reinforcements, all of which are below the flange (i.e. gunwale) and the "Deck" shall mean the single fiberglass molded shell and integral fiberglass structural components above the hull flange (i.e. gunwale). A "Structural Hull Defect" shall mean a defect that causes the Hull or Deck to be unsafe or unfit for use under normal operating conditions.

The applicable limited warranty period runs from the date of delivery of the boat to the first International retail purchaser, provided that the boat is delivered to that purchaser within twelve (12) months from the date of its manufacture. For a boat delivered to that purchaser more than twelve (12) months after the date of its manufacture, calculation of the remaining warranty period will run from the date of its manufacture, not from the date the boat was delivered to the first International retail purchaser. For a boat delivered to that purchaser more than twelve (12) months and up to thirty-six (36) months after its date of manufacture, the selling dealer will be required to submit a condition report on the boat with photos to Glastron before delivery of the boat to the first International retail purchaser; Glastron will then determine and advise what warranty coverage remains in effect on the boat, if any. For a boat delivered to that purchaser more than thirty-six (36) months after the date of its manufacture, only the structural component limited warranty on the boat will be in effect and it runs from the date of the boat's manufacture, not from the date the boat was delivered to the first International retail purchaser; all other limited warranties are voided. All warranties run concurrently.

Certain portions of this limited warranty, as noted above, extend only to the first International retail purchaser. Other portions of this limited warranty, as noted above, may be transferred to a second International retail purchaser, if the transfer occurs within five (5) years of the boat's and/or trailer's sale to the first International retail purchaser, for a non-refundable recording fee of \$150 (US), for boats less than twenty (20) feet in length, or \$300 (US), for boats over twenty (20) feet in length, provided the second International retail purchaser purchases the boat and/or trailer from the first International retail purchaser or an authorized Glastron dealer. To transfer the limited warranty, the second International retail purchaser or the authorized Glastron dealer must send to Glastron, within fifteen (15) days of the boat's and/or trailer's purchase, at the address noted below, the: 1) first International retail purchaser's plastic registration card, if available; 2) proof of the purchase; and 3) the non-refundable recording fee made payable to Rec Boat Holdings, LLC dba Glastron. This limited warranty may only be transferred once. Glastron will confirm all limited warranty transfers, in writing, to the authorized Glastron dealer and/or second International retail purchaser via email. Glastron reserves the right to reject a limited warranty transfer request for a Glastron boat that has been damaged, neglected or otherwise previously excluded from limited warranty coverage.

THIS LIMITED WARRANTY DOES NOT COVER

1. A boat purchased from any party other than an authorized Glastron dealer or the first International retail purchaser.
2. A boat, including its components, that has been altered or modified so as to adversely affect its operation, performance or durability, as determined by Glastron, or a boat that has been salvaged, declared a total loss or a constructive total loss for any reason not covered in this limited warranty.
3. Any damage resulting from an accident or impact with another object or any damage caused by an act of nature.
4. Damage, breakage and leakage around windshields, hatches or other designed openings.
5. Boats that are damaged due to storage or exposure conditions including, but not limited to, sun or cold weather.

6. Engines, power trains, outdrives, controls, propellers, batteries, appliances and other equipment, accessories or components that are not manufactured by Glastron, whether or not they are warranted by other manufacturers. Note: it is the purchaser's responsibility to complete any warranty registration procedure that may be applicable to these components.
7. Window glass, mirrors, varnish, paint, fabrics and chromium, stainless steel and other metal finishes.
8. Gelcoat fading or discoloration that occurs below or at the water line on the hull.
9. The original gel surface that has been altered in any way, including by repair, by application of any coating other than marine barrier coating or marine barrier coating followed by bottom paint, by improper surface preparation for paint or by improper or excessive sanding, scraping or sandblasting.
10. The cost of removal or re-instatement of parts or disassembly of units to repair or replace components covered by this limited warranty.
11. A boat that has been overpowered, according to the boat's maximum recommended engine horsepower, or overloaded in excess of the maximum limits as stated on the U.S. Coast Guard Capacity Plate.
12. Any boat that has been misused or used in a negligent manner; a boat that has been used for racing, speed or endurance contests; used for rental or charter; used for military, rescue, fire, safety, medical, police, law enforcement, patrol or similar government uses; used for commercial purposes; used without normal maintenance; operated contrary to any instruction furnished by Glastron; improperly lifted or trailered; improperly secured to a trailer; or operated in violation of any federal, state, local, Coast Guard or other governmental agency laws, rules or regulations. Also, this limited warranty does not cover any damage to a boat resulting from failure to use a lower unit support device when transporting the boat.
13. Estimated characteristics such as weight, speed, range, fuel consumption or other estimated performance characteristics.
14. Dealer preparation, cleaning, final adjustments and alignments in preparing a boat for delivery.
15. Fit and adjustment of exterior canvas tops, enclosures and weather covers.
16. Sacrificial deterioration of anti-fouling paint or zinc anodes.
17. Damage resulting from electrolysis or corrosion of any nature from any source.
18. Any failure or defect arising from previous repairs made by a non-authorized service provider, unless preapproved by Glastron.
19. Any defect that results in the redesign of a Glastron boat.
20. Trailers.

THE SOLE AND EXCLUSIVE REMEDY UNDER THIS LIMITED WARRANTY AND ANY APPLICABLE IMPLIED WARRANTY IS THE REPAIR OR REPLACEMENT, AT GLASTRON'S SOLE OPTION, OF WARRANTED PARTS AND COMPONENTS. GLASTRON EXCLUDES AND DISCLAIMS ANY LIABILITY FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES, INCLUDING LOSS OF TIME, INCONVENIENCE, INSTALLMENT PAYMENTS, INSURANCE PAYMENTS, MARINA FEES, RETAIL CHARGES, TRAVEL EXPENSES, LOSS OF USE, HAUL OUT, LAUNCH, TOWING AND/OR STORAGE CHARGES, LOSS OF OR DAMAGE TO PERSONAL PROPERTY OR OTHER SIMILAR COSTS AND EXPENSES OR ANY CLAIM NOT SPECIFICALLY COVERED BY THIS LIMITED WARRANTY. Any legal action alleging breach of any applicable warranty coverage must be brought within one (1) year from the date the alleged breach first occurred or the shortest period of time allowed under applicable law. Any claim by a retail purchaser in the EU that the boat was nonconforming at the time of delivery must be made within two (2) years from the date of delivery.

PRE-DELIVERY SERVICE AND WARRANTY REGISTRATION

Prior to delivering a new Glastron boat to the first International retail purchaser, the authorized dealer is required to inspect and perform all necessary pre-delivery services including completing the "Pre-Delivery Service Record" portion of the limited warranty. Any cost associated with the pre-delivery inspection is the responsibility of the first International retail purchaser. After completion of the necessary pre-delivery services, the first International retail purchaser must sign the Glastron warranty registration form and Pre-Delivery Service Record provided by the dealer, where indicated. No warranty coverage is applicable to the boat unless these forms are completed, signed and returned to Glastron at the address indicated below, or via an authorized Glastron dealer's online dealer extranet.

OBTAINING REPAIRS UNDER THIS LIMITED WARRANTY

The authorized Glastron dealer will carry out the warranty procedures on your behalf. All limited warranty work will be performed at an authorized dealer, at the Glastron factory, or at another repair facility approved by Glastron. You are responsible for the expense associated with transporting the boat to and from the repair facility. Glastron must receive written notice of all limited warranty claims prior to the expiration of this limited warranty and be allowed an opportunity to resolve them.

To obtain warranty service, you must return the boat, including any alleged defective part, to an authorized Glastron dealer and present the Owner's Registration Card. If necessary, you should call Glastron for assistance to locate the nearest Glastron dealer in your area. The following procedures will apply to a warranty claim:

- A. The dealer will contact and receive an authorization number from Glastron for repairs.
- B. Upon completion of repairs, you must pay the dealer for non-covered items.
- C. You assume all liability for payment of non-authorized repairs.
- D. You must sign the Glastron warranty claim form if the claim is not submitted through the Glastron Extranet by the dealer.

If sublet warranty repairs are required for any reason, the authorized Glastron dealer will be responsible for choosing a qualified and reputable repair facility and the authorized Glastron Dealer will be responsible for all work performed by the sublet repair facility. Before referring any work to a sublet repair facility, the authorized Glastron dealer must submit a written estimate to Glastron's claims department to obtain written pre-authorization (including a claim authorization number). Glastron will not honor or pay for claims submitted for repairs by sublet repair facilities unless this procedure has been followed. Glastron will not authorize or pay for sublet repairs initiated because of a lack of dealer service facilities.

This document contains the entire limited warranty provided by Glastron. Any questions concerning the scope of this limited warranty should be directed to Glastron. The terms and conditions contained in this limited warranty may not be modified, altered, or waived by any action, inaction or representation, whether oral or in writing, except upon the express, written authority of a senior management level employee of Glastron. Glastron does not authorize any person or persons (except a senior management level employee of Glastron), including Glastron dealers, to change the terms of this limited warranty. (Note that your authorized Glastron dealer is an independent business, authorized to sell and service Glastron products, but is not an agent of Glastron). Glastron reserves the right to change or improve the design or manufacture of Glastron boats and/or trailers without obligation to modify any boat and/or trailer previously manufactured.

Stainless steel bow & stern eyes
Steering wheel, non-directional
Storage behind bow backrest
Synthetic grab handles
Two-tone deck and hull
Walk thru transom w/storage
Walk thru windshield

Optional Features

XL Package:

Convenience package, Flip-up bucket seats (2), tilt steering, Snap-in carpet, Stainless steel drink holders, Stainless steel speaker covers, Stainless steel grab handles, Pull up cleats (6), Bow scuff plate

Convenience Package:

Hour meter, Depth sounder.

GTL Package:

Upgrade interior in Saddle or Cashmere color w/chain weave material on sidewall, Steering wheel upgrade, Color matched carpet, Swim platform mat Docking lights, Stereo upgrade, XL package.

Single Options:

Black Bimini top w/boot for wake tower
Bow fill-in cushions w/backrest windbreak

Bow Scuff Plate
Care cover (black)
Cockpit table
Color coordinated Bimini top w/boot
Color coordinated Bow cover
Color coordinated Cockpit cover
Docking lights
Flip-up buckets (2)
High altitude prop
Snap-in carpet
Stereo upgrade: swim remote & subwoofer
Swim platform mat
Thru side exhaust
Tilt steering
Transom shower
Wakeboard tower

Trailer Options:

Spare Tire w/mount
Gatorhyde/galvanized finish

Color Choices

White w/Jet Black Gelcoat
White w/Laser Red Gelcoat

White w/Royal Blue Gelcoat
White w/Electric Yellow Gelcoat*

* Not available with GTL package

Specifications

LOA 22' (6.71 m)

* Range: Mileage range calculated on designated RPM and MPH figures shown above, and based on 90 percent of boat's fuel capacity.

Performance data is measured with two passengers, 3/4 to full tank of fuel, at altitudes of 0 to 1200 feet.

Actual performance will be affected by higher altitude, load, weather/water conditions, and optional equipment, such as wakeboard tower, extended swim platform and generator.

Specifications

LOA 21' 4" (6.50 m.)
 Beam 101" (2.57 m.)
 Total Height 52" (1.32 m.)
 Cockpit Height at Helm 36" (91 m.)
 Approx. boat & engine weight
 3330 lbs. (1510 kg.)
 Trailer Weight Tandem 1146 lbs. (520 kg)

Draft Drive Unit Up 16" (.41 m.)
 Draft Drive Unit Down 29" (.74 m.)
 Deadrise 21°
 Fuel Capacity 40 gal. (151 L.)
 Maximum Load 1475 lbs. (669 kg.)
 Maximum Persons 10
 Maximum Horsepower
 300 hp (224 kw)

Standard Features

Instrument panel includes:
 5" speedometer, 5" multi-function tachometer/fuel/trim gauge,
 2" oil pressure/2" voltmeter/2" engine temperature gauges; plus switches for bilge pump, blower, navigation/anchor lights, courtesy lights, horn, depth sounder, stereo remote in dash, 12 volt outlet
 AM/FM Sirius satellite-ready stereo w/4 stainless steel speaker covers & MP3 adaptor
 Automatic bilge pump
 Custom non-directional woodgrain steering wheel
 Deck reinforcement for Xtreme tower (dealer installed)
 Electric horn
 Ski tow ring
 Full fiberglass floor w/built-in footrest & drains

Glove box w/stainless steel hinge & latch
 Hinged ski locker lid
 Merc/Volvo prop
 Molded extended swim platform
 SL Seating: Adjustable bucket seats w/flip-up bolsters/aft bench seat/sunlounge
 & stbd. walk-thru
 Snap-in carpet
 Stainless steel bow & stern eyes
 Stainless steel courtesy lights
 Stainless steel drink holders
 Stainless steel passenger grab handles
 Stainless steel pull-up cleats
 Stainless steel stern rails
 Telescopic 3-step boarding ladder, fore & aft
 Tilt steering
 Walk-thru full glass windshield w/full side wings

Optional Features

Color-coordinated Bimini Canvas Package
 Color-coordinated Bimini top w/boot
 Color-coordinated Bimini top for wakeboard tower
 Color-coordinated cockpit cover
 Color-coordinated bow cover
 Mooring cover
 Cockpit table w/stern base
 High altitude prop
 Premium Sound System

Stainless Steel Package: stainless steel stern logo plate, stainless steel bow plate, exhaust decals, aft pull up cleats stainless steel rubrail insert
 Upgrade Package: docking lights, tilt/trim switch, hour meter, transom shower, ski locker mat, carry on cooler
 Xtreme wakeboard tower & rack

* Range: Mileage range calculated on designated RPM and MPH figures shown above, and based on 90 percent of boat's fuel capacity.

Performance data is measured with two passengers, 3/4 to full tank of fuel, at altitudes of 0 to 1200 feet.

Actual performance will be affected by higher altitude, load, weather/water conditions, and optional equipment, such as wakeboard tower, extended swim platform and generator.
